Priorities for G20 Finance Track in 2019

I. Global Economy - Risks and Challenges
   (A) Surveillance of global economic risks
   (B) Global imbalances
   (C) Aging and its policy implications

II. Actions toward Robust Growth
   (D) Quality infrastructure investment
   (E) Resilience against natural disasters
   (F) Strengthening health financing for moving towards Universal Health Coverage (UHC) in developing countries
   (G) Debt sustainability and transparency of Low-Income Countries (LICs)

III. Response to Structural Changes caused by Innovation and Globalization
   (H) International taxation
   (I) Addressing financial market fragmentation
   (J) Financial innovation - opportunities and challenges
