Rules and Regulations of the Foreign Exchange and Foreign Trade Act

(April 24, 2020)

• The basic principle: free investment

System before the amendment  Certain types of foreign direct investment (FDI) are required to post-investment reporting, whereas FDI to certain designated business sectors requires prior-notification for screening

The need to further promote FDI conducive to sound economic growth

Global trend to strengthen measures for FDI screening

from the national security viewpoint

- Adoption of FIRRMA in the United States (Aug 2018)
- Adoption of the new EU regulation (Mar 2019)

The amendment aims to:

- Further promote foreign direct investment (FDI) conducive to sound economic growth; and
- Ensure minimal review of FDI that could pose risks to national security.

### Further promote FDI conducive to sound economic growth

#### 1. Introduction of exemption scheme for Prior-notification for Stock Purchases (PN-SP)

- Investors who comply with certain conditions (See Page 4) are exempted from PN-SP requirement.
- Investor's compliance with the conditions for exemption is secured through post-investment report requirement and, if necessary, government actions to issue recommendations/orders.

## Ensure minimal review of FDI that could pose risks to national security

#### 2. Reviewing the scope of prior-notification

- Threshold for PN-SP with regard to the acquisition of listed company's stocks will be lowered from 10% to 1% (Under the Japanese Company Act, shareholders who own 1% or more voting rights are entitled to propose an agenda to general shareholders meeting.)
- Prior notification will also be required for the following actions:
  - $\checkmark$  becoming board members of the investee company
  - ✓ proposing transfer or disposition of investee company's business activities in the designated business sectors
- **3.** Enhancing information exchange among relevant domestic authorities and with foreign counterparties

## **PN-SP** and **Post-investment** Report

#### **PN-SP**

- Following clearance of PN-SP by the authorities, foreign investors can purchase stocks up to the notified amount anytime within six months after submission of the PN-SP. Additional PN-SP will not be required for individual transactions up to the notified amount.
- Post-investment reports after stock purchases must be submitted within 45 days from the transaction settlement date, extended from 30 days before the amendment.

#### **Post-investment report**

- Post-investment reports after exemption will be required when the investor's total shareholding reaches:
  - (i) 1% for the first time<sup>1/</sup>;
  - (ii) 3% for the first time<sup>1/</sup>; and
  - (iii) 10% or more for each transaction (as has been the case before the amendment).
  - <sup>1/</sup> Post-investment reports will not be required at the second and subsequent transactions reaching 1% or 3%; if shareholding goes down below 1%/3% by stock sales, and subsequently returns to or beyond 1%/3% by stock purchases, post-investment reports will not be required.
- > Post-investment reports must be submitted within 45 days from the transaction settlement date.
- For the following transactions, investors are not required to specify ministers responsible for business sectors in the post-investment report:
  - (a) stock purchases (under 10%) with exemption in designated business sectors; and
  - (b) stock purchases in non-designated business sectors.

# IT System Adjustments for PN-SP under the New Rules

- The full implementation of the amended Act, Rules and Regulations will commence following the 30day transitional period after their entry into force. During this transition period, foreign investors can submit PN-SP of 1% or more according to their stock purchase plans after the full implementation.
- Following clearance by the authorities, foreign investors can purchase stocks up to the notified amount anytime within six months after submission of the PN-SP. Accordingly, investors can use this period to make adjustments in their IT systems as necessary to comply with the new rules.

# Prior-notification for Certain Actions (PN-CA)

- Under the amended Act, the following actions by foreign investors are added to the definition of FDI subject to prior-notification. Foreign investors<sup>1/</sup> who intend to take these actions can do so if prior-notification for these certain actions (PN-CA) is filed and cleared:
  - ✓ Voting at the shareholder's meeting for nomination of the foreign investor itself or its closely related person as a board member of the investee company;<sup>2/</sup> and
  - ✓ Voting at the shareholder's meeting for a proposal, made by those foreign investors, to transfer or dispose the investee company's business activities in the designated business sectors. <sup>3/</sup>
- The screening of PN-CA will be conducted only from the objective of the Act, i.e. prevention for national security reasons of leakage of information about critical technologies and disposition of business activities in the designated business sectors.
- If the PN-CA is not of concern from national security perspectives, the authorities will notify the investor of clearance of the screening within five business days.

2/ PN-CA is required even if nomination is made by a third party (See Page 7 for more details). If the nominee is neither the foreign investor itself nor its closely-related persons, PN-CA is not required.

\_\_\_\_\_

<sup>1/</sup> Foreign investors who used the exemption from PN-SP can also take these actions if they file and clear a PN-CA.

<sup>3/</sup> In case where the proposal is made by other shareholders, PN-CA is not required.

# Definition of "Foreign Investor"

- Before the amendment, "foreign investor" includes companies located in Japan with 50% or more ownership of foreign investors, as well as direct subsidiaries of such companies.
- Under the amended rule, all companies that are owned 50% or more voting shares by Company A and/or Company A's subsidiary companies<sup>1/</sup> are regarded as foreign investors.

<sup>1/</sup> The scope of "subsidiary companies" corresponds to the definition under Japan's Companies Act.
