

## 4 Taxation of Government Bonds

Taxation of JGBs varies depending on the bondholder—e.g. resident individual, domestic corporation, domestic financial institution, nonresident individual, foreign corporation—and on the type of bonds. The following (1), (2) and (3) are taxation systems by bond holder category.

A tax exemption scheme for interest, etc., is offered not only to domestic financial institutions and certain corporations, but also to nonresident individuals and foreign corporations (☞) as explained in (4).

### (1) Individuals (Residents)

#### A. Coupon-bearing bonds

Interest, capital gains and profits from redemption on coupon-bearing bonds are subject to separate self-assessment taxation at a rate of 20% (15% income tax + 5% local tax) (☞) and profit/loss offset among them and listed stocks, etc. is allowed.

With regards to interest, taxes are withheld when a coupon is paid.

Other tax breaks, known as “*Maruyu*” and “*Tokubetsu-Maruyu*” tax-free saving schemes which provide tax exemption on interest income from JGBs, are offered to individuals with disabilities and certain other types of individuals.

#### B. T-Bills and STRIPS

Capital gains and profits from redemption on T-Bills (Treasury Discount Bills) and STRIPS (principal-only book-entry transfer JGBs and coupon-only book-entry transfer JGBs) are subject to separate self-assessment taxation at a rate of 20% (15% income tax + 5% local tax) (☞) and profit/loss offset among them and listed stocks, etc. is allowed.

At the time of redemption, tax on net profits on redemption is withheld.

☞ The MOF does not accept tax consultation requests, which should be referred to a tax office close to you. Remember that the MOF cannot transfer any call to any tax office or telephone consultation center.

☞ In addition to the income tax, a special income tax for reconstruction (2.1% of income tax in principle) is imposed from 2013 to 2037.

## (2) Domestic Corporations

### A. Coupon-bearing bonds

Interest, capital gains and profits from redemption on coupon-bearing bonds are counted as profits, and are subject to corporate tax and the *houjinzei-wari* local tax (municipal tax multiplied by a certain rate) (Public Interest Incorporated Associations or Public Interest Incorporated Foundations may be exempt from tax).

With regards to interest, taxes are withheld when the interest is paid. Financial institutions such as banks, and financial instruments firms and domestic corporations capitalized at 100 million yen or more may be exempt from withholding tax imposed on the interest income.

### B. T-Bills and STRIPS

Capital gains and profits from redemption on T-Bills and STRIPS (principal-only book-entry transfer JGBs and coupon-only book-entry transfer JGBs) are counted as profits, and are subject to corporate tax and the *houjinzei-wari* local tax (municipal tax multiplied by a certain rate) (Public Interest Incorporated Associations or Public Interest Incorporated Foundations may be exempt from tax).

With regards to profits from redemption received by General Incorporated Associations or General Incorporated Foundations (excluding Public Interest Incorporated Associations or Public Interest Incorporated Foundations), etc., taxes are withheld at the time of redemption.

## (3) Nonresident Individuals and Foreign Corporations

### Coupon-bearing bonds, T-Bills and STRIPS

Interest, etc. on book-entry transfer JGBs (interest on book-entry transfer JGBs or profits from redemption of T-Bills and STRIPS) held by nonresident individuals or foreign corporations without a permanent establishment in Japan are exempt from tax under certain conditions under the tax exemption scheme as described in (4) below. Aside from such tax exemption scheme, if there is a tax treaty in effect between Japan and the country of residence of the nonresident individuals or the country where the foreign corporation is located, and the tax rate on interest stipulated under the treaty is set lower than 15%, the withholding tax rate on the interest, etc. from book-entry transfer JGBs will be lowered to match the rate stipulated under the treaty, provided that the relevant procedures have been completed.

In addition, for coupon-bearing bonds held by foreign corporations with a permanent establishment in Japan, the income tax is withheld, but the income tax withheld will be deducted from their corporation tax.

## (4) Tax Exemption Scheme for Nonresident Individuals and Foreign Corporations

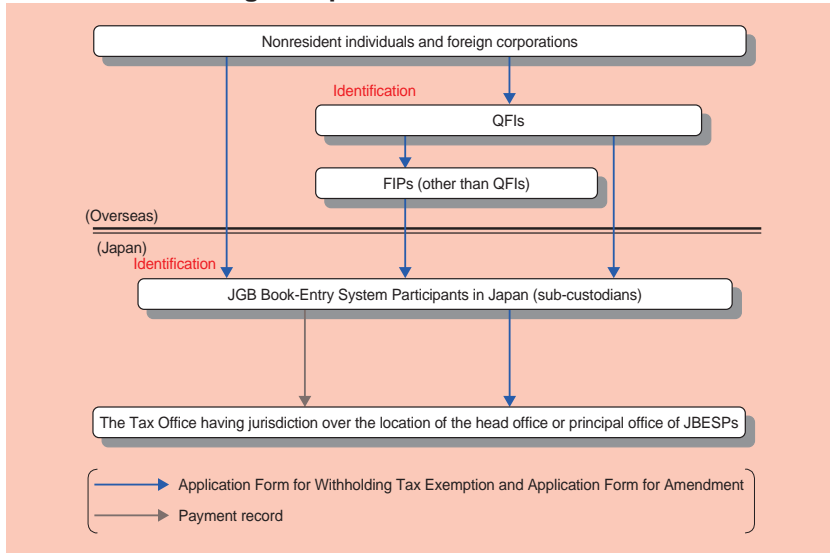

In order to secure smooth and stable financing at a time when large-scale JGB issuance is expected to continue, it is essential to have a deep, diverse investor base. Toward this goal, since September 1999, various tax schemes, including a tax exemption scheme for interest on book-entry transfer JGBs, have been introduced to enable nonresident individuals and foreign corporations to invest more easily in JGBs. Such schemes have been established with consideration given to fair and equitable taxation and are offered to nonresident individuals and foreign corporations under certain conditions.

### A. Income Tax

Interest, etc. on JGBs (interest on JGBs or profits from redemption on T-Bills or STRIPS) held by nonresident individuals or foreign corporations (including trustees for Qualified Foreign Securities Investment Trusts and Foreign

Pension Trusts) without a permanent establishment in Japan in transfer accounts at a JGB Book-Entry System Participant in Japan (JBESP(☞)) or a Qualified Foreign Intermediary (QFI) are exempt from income tax, provided that certain requirements have been met.

**B. Corporation Tax**

The corporation tax does not apply to interest, etc. on JGBs held by foreign corporations without a permanent establishment in Japan in transfer accounts at a QFI, etc.

**C. Bond *Gensaki* Transactions and Securities Lending Transactions**

Interest, etc. that foreign financial institutions, etc. (☞①) receive from specified financial institutions, etc. (☞②) in Japan on their Bond *Gensaki* Transactions or Securities Lending Transactions and that those specified foreign corporations (☞③) receive from specified financial institutions in Japan on their Bond *Gensaki* Transactions are exempt from tax, provided that certain requirements are met.

☞① Foreign financial institutions, etc. are foreign corporations that operate banking business, financial instruments business or insurance business, foreign clearing institutions, foreign central banks and international organizations.

☞② Specified financial institutions, etc. are financial institutions and financial instruments firms, etc. that are subject to the “Act on Collective Liquidation of Specified Transaction Conducted by Financial Institutions, etc.,” financial instruments transaction clearing institutions (clearing institutions in Japan) and the Bank of Japan.

☞③ Specified foreign corporations are foreign corporations other than foreign financial institutions, etc. (However, they exclude foreign corporations in countries or regions that have no tax treaties with Japan and foreign affiliated persons. Foreign affiliated persons are those who directly or indirectly owned 50% or greater stakes by specified financial institutions, etc. or those who effectively controlled by specified financial institutions, etc.)
