※ Issues of Public and Corporate Bonds: Since April 2019, figures of General Bonds excepting Government Bonds are not series, because survey methodology has been changed.

Stock Prices and Yields (Nikkei Average): After large replacement of brand components on 24th April, 2000, index is discontinuous as for continuously and simply comparing before replacement with after replacement.

Tokyo Stock Price Index: Average figures are calculated by Policy Planning and Research Division, Minister's Secretariat, Ministry of Finance.

(*) Monthly Labour Survey: Base year changed in March 2017. In 1989 and before, enterprises with 30 employees and over, (base year = 2005)

Figures from 2012 are revisions restored the data of "enterprises with 500 or more employees" in Tokyo.

Labour Force Survey: The benchmark population for calculating the results of the Labour Force Survey has been revised to the 2015 Census-based population estimates in January 2017.

In order to remove the gaps, data from October 2010 through December 2016 have been adjusted to comparable time-series data responding to the revision. The benchmark population for calculating the results of the Labour Force Survey has been revised to use 2010 Census population estimates in January 2011.

indicates Supplementary-estimated figures (Referential figures:2015-census base). The reason of the treatment is that figures covering

From March through August 2011 for whole Japan were missing due to the damage caused by the Great East Japan Earthquake.
