

**SYNTHESISED TEXT
OF THE MLI AND THE CONVENTION
BETWEEN JAPAN AND THE REPUBLIC OF KAZAKHSTAN
FOR THE AVOIDANCE OF DOUBLE TAXATION
AND THE PREVENTION OF FISCAL EVASION
WITH RESPECT TO TAXES ON INCOME**

This document presents the synthesised text for the application of the Convention between Japan and the Republic of Kazakhstan for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with respect to Taxes on Income signed on December 19, 2008 (hereinafter referred to as “the Convention”), as modified by the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting signed by Japan on June 7, 2017 and by Kazakhstan on June 25, 2018 (hereinafter referred to as “the MLI”).

This document was prepared on the basis of the reservations and notifications submitted to the Depositary (the Secretary-General of the Organisation for Economic Co-operation and Development) by Japan on September 26, 2018 and by Kazakhstan on June 24, 2020 respectively.

The sole purpose of this document is to facilitate the understanding of the application of the MLI to the Convention and the document does not constitute a source of law. The authentic texts of the Convention and the MLI are the only legal texts applicable.

The provisions of the MLI that are applicable with respect to the provisions of the Convention are included in boxes throughout this document in the context of the relevant provisions of the Convention.

In this document, changes to the text of the provisions of the MLI have been made to conform the terminology used in the MLI to the terminology used in the Convention (such as changes from “Covered Tax Agreement” to “Convention” and changes from “Contracting Jurisdiction” to “Contracting State”). Similarly, changes have been made to parts of provisions of the MLI that describe existing provisions of the Convention by replacing such descriptive language with the article and paragraph numbers or language of the existing provisions. These changes are intended to increase the readability of the document and are not intended to change the substance of the provisions of the MLI.

Unless the context otherwise requires, references made to the provisions of the Convention will be understood as referring to the provisions of the Convention as modified by the provisions of the MLI.

Entry into force and entry into effect of the MLI

The MLI enters into force for Japan on January 1, 2019 and for Kazakhstan on October 1, 2020 and has effect as follows:

- (a) The provisions of the MLI shall have effect in each Contracting State with respect to the Convention:
 - (i) with respect to taxes withheld at source on amounts paid or credited to non-residents, where the event giving rise to such taxes occurs on or after January 1, 2021; and
 - (ii) with respect to all other taxes levied by that Contracting State, for taxes levied with respect to taxable periods beginning on or after April 1, 2021.
- (b) Notwithstanding (a), Article 16 (Mutual Agreement Procedure) of the MLI shall have effect with respect to the Convention for a case presented to the competent authority of a Contracting State on or after October 1, 2020, except for cases that were not eligible to be presented as of that date under the Convention prior to its modification by the MLI, without regard to the taxable period to which the case relates.

2. As regards the application of this Convention at any time by a Contracting State, any term not defined therein shall, unless the context otherwise requires, have the meaning that it has at that time under the laws of that Contracting State for the purposes of the taxes to which

the Convention applies, any meaning under the applicable tax laws of that Contracting State prevailing over a meaning given to the term under other laws of that Contracting State.

Article 4

1. For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that Contracting State, is liable to tax therein by reason of his domicile, residence, place of head or main office, place of management, place of incorporation or any other criterion of a similar nature, and also includes that Contracting State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that Contracting State in respect only of income from sources in that Contracting State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

- (a) he shall be deemed to be a resident only of the Contracting State in which he has a permanent home available to him; if he has a permanent home available to him in both Contracting States, he shall be deemed to be a resident only of the Contracting State with which his personal and economic relations are closer (centre of vital interests);

~~Contracting States shall determine by mutual agreement the Contracting State of which that person shall be deemed to be a resident for the purposes of this Convention. In the absence of a mutual agreement by the competent authorities of the Contracting States, the person shall not be considered a resident of either Contracting State for the purposes of claiming any benefits provided by the Convention, except those provided by Articles 23 and 24.~~

The following paragraph 1 (as modified by subparagraph e) of paragraph 3) of Article 4 of the MLI replaces paragraph 3 of Article 4 of the Convention:

Article 4 – Dual Resident Entities

1. Where by reason of the provisions of paragraph 1 of Article 4 of the Convention a person other than an individual is a resident of both Contracting States, the competent authorities of the Contracting States shall endeavour to determine by mutual agreement the Contracting State of which such person shall be deemed to be a resident for the purposes of the Convention, having regard to its place of effective management, the place where it is incorporated or otherwise constituted and any other relevant factors. In the absence of such agreement, such person shall not be entitled to any relief or exemption from tax provided by the Convention.

Article 5

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

- (a) a place of management;
- (b) a branch;
- (c) an office;
- (d) a factory;
- (e) a workshop;
- (f) a mine, an oil or gas well or a quarry; and
- (g) an installation or structure used for, or any

place of, the exploration or extraction of natural resources.

3. A building site or construction or installation project constitutes a permanent establishment only if it lasts more than twelve months.

~~4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:~~

~~(a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;~~

~~(b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;~~

~~(c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;~~

~~(d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;~~

~~(e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;~~

~~(f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.~~

The following paragraph 2 of Article 13 of the MLI replaces paragraph 4 of Article 5 of the Convention:

Article 13 – Artificial Avoidance of Permanent Establishment Status through the Specific Activity Exemptions

2. Notwithstanding the provisions of Article 5 of the Convention, the term "permanent establishment" shall be deemed not to include:

- a)
 - i) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
 - ii) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
 - iii) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
 - iv) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
- b) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any activity not described in subparagraph a);
- c) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs a) and b),

provided that such activity or, in the case of subparagraph c), the overall activity of the fixed place of business, is of a preparatory or auxiliary character.

The following paragraph 4 of Article 13 of the MLI applies to the Convention:

Article 13 – Artificial Avoidance of Permanent Establishment Status through the Specific Activity Exemptions

4. Paragraph 4 of Article 5 of the Convention shall not apply to a fixed place of business that is used or maintained by an enterprise if the same enterprise or a closely related enterprise carries on business activities at the same place or at another place in the same Contracting State and:

- a) that place or other place constitutes a permanent establishment for the enterprise or the closely related enterprise under the provisions of Article 5 of the Convention; or
- b) the overall activity resulting from the

combination of the activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, is not of a preparatory or auxiliary character,

provided that the business activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, constitute complementary functions that are part of a cohesive business operation.

~~5. Notwithstanding the provisions of paragraphs 1 and 2, where a person other than an agent of an independent status to whom the provisions of paragraph 6 apply is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that Contracting State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.~~

~~6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that Contracting State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.~~

The following paragraphs 1 and 2 of Article 12 of the MLI replace paragraphs 5 and 6 of Article 5 of the Convention:

Article 12 – Artificial Avoidance of Permanent Establishment Status through Commissionnaire Arrangements and Similar Strategies

1. Notwithstanding the provisions of Article 5 of the Convention, but subject to paragraph 2, where a person is acting in a Contracting State on behalf of an enterprise and, in doing so, habitually concludes contracts, or habitually plays the principal role leading to the conclusion of contracts that are routinely concluded without material modification by the enterprise, and these contracts are:

- a) in the name of the enterprise; or

- b) for the transfer of the ownership of, or for the granting of the right to use, property owned by that enterprise or that the enterprise has the right to use; or
- c) for the provision of services by that enterprise,

that enterprise shall be deemed to have a permanent establishment in that Contracting State in respect of any activities which that person undertakes for the enterprise unless these activities, if they were exercised by the enterprise through a fixed place of business of that enterprise situated in that Contracting State, would not cause that fixed place of business to be deemed to constitute a permanent establishment under the definition of permanent establishment included in the provisions of Article 5 of the Convention.

2. Paragraph 1 shall not apply where the person acting in a Contracting State on behalf of an enterprise of the other Contracting State carries on business in the first-mentioned Contracting State as an independent agent and acts for the enterprise in the ordinary course of that business. Where, however, a person acts exclusively or almost exclusively on behalf of one or more enterprises to which it is closely related, that person shall not be considered to be an independent agent within the meaning of this paragraph with respect to any such enterprise.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other Contracting State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

The following paragraph 1 of Article 15 of the MLI applies to the Convention:

Article 15 – Definition of a Person Closely Related to an Enterprise

1. For the purposes of the provisions of Article 5 of the Convention, a person is closely related to an enterprise if, based on all the relevant facts and circumstances, one has control of the other or both are under the control of the same persons or enterprises. In any case, a person shall be considered to be closely related to an enterprise if one possesses directly or indirectly more than 50 per cent of the beneficial interest in the other (or, in the case of a company, more than 50 per cent of the aggregate

vote and value of the company's shares or of the beneficial equity interest in the company) or if another person possesses directly or indirectly more than 50 per cent of the beneficial interest (or, in the case of a company, more than 50 per cent of the aggregate vote and value of the company's shares or of the beneficial equity interest in the company) in the person and the enterprise.

Article 6

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other Contracting State.

2. The term "immovable property" shall have the meaning which it has under the laws of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise.

Article 7

1. The profits of an enterprise of a Contracting State shall be taxable only in that Contracting State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in that other Contracting State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to

make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the Contracting State in which the permanent establishment is situated or elsewhere.

4. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

5. For the purposes of the preceding paragraphs of this Article, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

6. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

1. Profits from the operation of ships or aircraft in international traffic carried on by an enterprise of a Contracting State shall be taxable only in that Contracting State.

2. Notwithstanding the provisions of Article 2, where an enterprise of a Contracting State carries on the operation of ships or aircraft in international traffic, that enterprise, if an enterprise of Kazakhstan, shall be exempt from the enterprise tax of Japan, and, if an enterprise of Japan, shall be exempt from any tax similar to the enterprise tax of Japan which may hereafter be imposed in Kazakhstan.

3. The provisions of the preceding paragraphs of this Article shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9

1. Where

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

~~2. Where a Contracting State includes, in accordance with the provisions of paragraph 1, in the profits of an enterprise of that Contracting State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other Contracting State and where the competent authorities of the Contracting States agree, upon consultation, that all or part of the profits so included are profits which would have accrued to the enterprise of the first mentioned Contracting State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other Contracting State shall make an appropriate adjustment to the amount of the tax charged therein on those agreed profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention.~~

The following paragraph 1 of Article 17 of the MLI replaces paragraph 2 of Article 9 of the Convention:

Article 17 – Corresponding Adjustments

1. Where a Contracting State includes in the profits of an enterprise of that Contracting State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other Contracting State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned Contracting State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other

Contracting State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of the Convention and the competent authorities of the Contracting States shall if necessary consult each other.

3. Notwithstanding the provisions of paragraph 1, a Contracting State shall not change the profits of an enterprise of that Contracting State in the circumstances referred to in that paragraph after seven years from the end of the taxable year in which the profits that would be subjected to such change would, but for the conditions referred to in that paragraph, have accrued to that enterprise. The provisions of this paragraph shall not apply in the case of fraud or wilful default.

Article 10

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that Contracting State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

- (a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company that has owned directly or indirectly, for the period of six months ending on the date on which entitlement to the dividends is determined, at least 10 per cent of the voting shares of the company paying the dividends;
- (b) 15 per cent of the gross amount of the dividends in all other cases.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The provisions of subparagraph (a) of paragraph 2 shall not apply in the case of dividends paid by a company which is entitled to a deduction for dividends paid to its beneficiaries in computing its taxable income in the Contracting State of which the company is a resident.

4. The term "dividends" as used in this Article means

income from shares or other rights, not being debt-claims, participating in profits, as well as income which is subjected to the same taxation treatment as income from shares by the tax laws of the Contracting State of which the company making the distribution is a resident.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident through a permanent establishment situated therein and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

6. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other Contracting State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other Contracting State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other Contracting State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other Contracting State.

Article 11

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that Contracting State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State shall be taxable only in the other Contracting State if:

- (a) the interest is beneficially owned by the Government of that other Contracting State, a political subdivision or local authority thereof, or the central bank of that other Contracting State or any institution wholly owned by that Government; or

- (b) the interest is beneficially owned by a resident of that other Contracting State with respect to debt-claims guaranteed, insured or indirectly financed by the Government of that other Contracting State, a political subdivision or local authority thereof, or the central bank of that other Contracting State or any institution wholly owned by that Government.

4. For the purposes of paragraph 3, the terms "the central bank" and "institution wholly owned by that Government" mean:

- (a) in the case of Kazakhstan:
 - (i) the National Bank of the Republic of Kazakhstan;
 - (ii) Joint Stock Company "Development Bank of Kazakhstan";
 - (iii) Joint Stock Company "Kazakhstan State Insurance Corporation for insurance of export credit and investment"; and
 - (iv) such other similar institution the capital of which is wholly owned by the Government of the Republic of Kazakhstan as may be agreed upon from time to time between the Governments of the Contracting States through an exchange of diplomatic notes;
- (b) in the case of Japan:
 - (i) the Bank of Japan;
 - (ii) the Japan Finance Corporation;
 - (iii) the Japan International Cooperation Agency;
 - (iv) the Nippon Export and Investment Insurance; and
 - (v) such other similar institution the capital of which is wholly owned by the Government of Japan as may be agreed upon from time to time between the Governments of the Contracting States through an exchange of diplomatic notes.

5. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not

secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government or state securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures, and all other income that is subjected to the same taxation treatment as income from money lent by the tax laws of the Contracting State in which the income arises. Income dealt with in Article 10 shall not be regarded as interest for the purposes of this Convention.

6. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises through a permanent establishment situated therein and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

7. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that Contracting State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment, then such interest shall be deemed to arise in the Contracting State in which the permanent establishment is situated.

8. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 12

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that Contracting State, but if the beneficial owner of the royalties is a resident of the other Contracting

State, the tax so charged shall not exceed 10 per cent of the amount of the royalties.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films and films or tapes for radio or television broadcasting, any patent, trademark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial or scientific equipment, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise through a permanent establishment situated therein and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that Contracting State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment, then such royalties shall be deemed to arise in the Contracting State in which the permanent establishment is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 13

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other Contracting State.

~~2. Gains derived by a resident of a Contracting State from the alienation of shares in a company or of interests in a partnership or trust may be taxed in the other Contracting State where the shares or the interests derive at least 50 per cent of their value directly or indirectly from immovable property referred to in Article 6 and situated in that other Contracting State.~~

The following paragraph 4 of Article 9 of the MLI replaces paragraph 2 of Article 13 of the Convention:

*Article 9 – Capital Gains from Alienation of Shares or Interests of Entities
Deriving their Value Principally from Immovable Property*

4. For purposes of the Convention, gains derived by a resident of a Contracting State from the alienation of shares or comparable interests, such as interests in a partnership or trust, may be taxed in the other Contracting State if, at any time during the 365 days preceding the alienation, these shares or comparable interests derived more than 50 per cent of their value directly or indirectly from immovable property situated in that other Contracting State.

3. Unless the provisions of paragraph 2 are applicable, gains derived by a resident of a Contracting State from the alienation of shares issued by a company being a resident of the other Contracting State may be taxed in that other Contracting State, if shares owned by the alienator (together with such shares owned by any other related or connected persons as may be aggregated therewith) amount to at least 25 per cent of the total issued shares of such company at any time during the taxable year in which the alienation takes place.

4. Article 23

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other Contracting State in the same circumstances, in particular with respect to residence, are or may be subjected. The provisions of this paragraph shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other Contracting State than the taxation levied on enterprises of that other Contracting State carrying on the same activities. The provisions of this paragraph shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

3. Except where the provisions of paragraph 1 of Article 9, paragraph 8 of Article 11, paragraph 6 of Article 12 or paragraph 3 of Article 21 apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purposes of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned Contracting State.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or

indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned Contracting State are or may be subjected.

5. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description imposed by a Contracting State or a political subdivision or local authority thereof.

Article 24

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those Contracting States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 23, to that of the Contracting State of which he is a national.

The following first sentence of paragraph 1 of Article 16 of the MLI applies to the Convention:

Article 16 – Mutual Agreement Procedure

Where a person considers that the actions of one or both of the Contracting States result or will result for that person in taxation not in accordance with the provisions of the Convention, that person may, irrespective of the remedies provided by the domestic law of those Contracting States, present the case to the competent authority of either Contracting State.

The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the provisions of this Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of this Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.

4. The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs of this Article.

Article 25

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Convention or to the administration or enforcement of the domestic law concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Articles 1 and 2.

2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic law of that Contracting State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:

- (a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
- (b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
- (c) to supply information which would disclose any trade, business, industrial, commercial or

professional secret or trade process, or information the disclosure of which would be contrary to public policy.

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other Contracting State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

Article 26

1. The Contracting States shall endeavour to lend assistance to each other in the collection of tax to the extent needed to ensure that any exemption or reduced rate of tax granted under this Convention shall not be enjoyed by persons not entitled to such benefits. The Contracting State making such collections shall be responsible to the other Contracting State for the sums thus collected.

2. In no case shall the provisions of paragraph 1 be construed so as to impose on a Contracting State the obligation:

- (a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
- (b) to carry out measures which would be contrary to public policy.

Article 27

Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

The following paragraphs 1 through 3 of Article 10 of the MLI apply to the Convention:

Article 10 – Anti-abuse Rule for Permanent Establishments Situated in Third Jurisdictions

1. **Where:**

- a) an enterprise of a Contracting State derives income from the other Contracting State and the first-mentioned Contracting State treats such income as attributable to a permanent establishment of the enterprise situated in a third jurisdiction; and
- b) the profits attributable to that permanent establishment are exempt from tax in the first-mentioned Contracting State,

the benefits of the Convention shall not apply to any item of income on which the tax in the third jurisdiction is less than 60 per cent of the tax that would be imposed in the first-mentioned Contracting State on that item of income if that permanent establishment were situated in the first-mentioned Contracting State. In such a case, any income to which the provisions of this paragraph apply shall remain taxable according to the domestic law of the other Contracting State, notwithstanding any other provisions of the Convention.

2. Paragraph 1 shall not apply if the income derived from the other Contracting State described in paragraph 1 is derived in connection with or is incidental to the active conduct of a business carried on through the permanent establishment (other than the business of making, managing or simply holding investments for the enterprise's own account, unless these activities are banking, insurance or securities activities carried on by a bank, insurance enterprise or registered securities dealer, respectively).

3. If benefits under the Convention are denied pursuant to paragraph 1 with respect to an item of income derived by a resident of a Contracting State, the competent authority of the other Contracting State may, nevertheless, grant these benefits with respect to that item of income if, in response to a request by such resident, such competent authority determines that granting such benefits is justified in light of the reasons such resident did not satisfy the requirements of paragraphs 1 and 2. The competent authority of the Contracting State to which a

request has been made under the preceding sentence by a resident of the other Contracting State shall consult with the competent authority of that other Contracting State before either granting or denying the request.

The following paragraph 1 of Article 7 of the MLI applies to the Convention:

Article 7 – Prevention of Treaty Abuse

1. Notwithstanding any provisions of the Convention, a benefit under the Convention shall not be granted in respect of an item of income if it is reasonable to conclude, having regard to all relevant facts and circumstances, that obtaining that benefit was one of the principal purposes of any arrangement or transaction that resulted directly or indirectly in that benefit, unless it is established that granting that benefit in these circumstances would be in accordance with the object and purpose of the relevant provisions of the Convention.

Article 28

1. Each of the Contracting States shall send through diplomatic channel to the other the notification confirming that its internal procedures necessary for the entry into force of this Convention have been completed. The Convention shall enter into force on the thirtieth day after the date of receipt of the latter notification.

2. This Convention shall apply:

- (a) with respect to taxes withheld at source, for amounts taxable on or after 1 January in the calendar year next following that in which the Convention enters into force;
- (b) with respect to taxes on income which are not withheld at source, as regards income for any taxable year beginning on or after 1 January in the calendar year next following that in which the Convention enters into force; and
- (c) with respect to other taxes, as regards taxes for any taxable year beginning on or after 1 January in the calendar year next following that in which the Convention enters into force.

Article 29

This Convention shall remain in force until terminated by a Contracting State. Either Contracting State may terminate the Convention, through diplomatic channels, by giving notice of termination at least six months before the end of any calendar year beginning after the expiry of five years from the date on which the Convention enters into force. In such event, the Convention shall cease to have effect:

- (a) with respect to taxes withheld at source, for amounts taxable on or after 1 January in the calendar year next following that in which the notice is given;
- (b) with respect to taxes on income which are not withheld at source, as regards income for any taxable year beginning on or after 1 January in the calendar year next following that in which the notice is given; and
- (c) with respect to other taxes, as regards taxes for any taxable year beginning on or after 1 January in the calendar year next following that in which the notice is given.

IN WITNESS WHEREOF the undersigned, being duly authorised thereto by their respective Governments, have signed this Convention.

1. With reference to paragraph 2 of Article 9 of the Convention:

In case where Kazakhstan makes adjustment referred to in that paragraph, nothing in the provisions of that paragraph shall be construed as imposing on Kazakhstan the obligation to agree to the profits to be adjusted.

2. With reference to paragraph 3 of Article 9 of the Convention:

Nothing in the paragraph shall be construed as preventing Kazakhstan from changing the profits of an enterprise of Kazakhstan derived from the use of subsurface under a contract thereon in accordance with the provisions of paragraph 1 of the Article before the end of the five year period from the date on which the period of the contract is completed.

3. With reference to paragraph 2 of Article 12 of the Convention:

- (a) in the case of royalties arising in Kazakhstan, the term "the amount of the royalties" means the amount equal to 50 per cent of the gross amount of the royalties;
- (b) in the case of royalties arising in Japan, the term "10 per cent of the amount of the royalties" means 5 per cent of the gross amount of the royalties.

4. With reference to paragraph 5 of Article 25 of the Convention:

A Contracting State may decline to supply information relating to confidential communications between attorneys, solicitors or other admitted legal representatives in their role as such and their clients to the extent that the communications are protected from disclosure under the domestic law of that Contracting State.

5. Nothing in the Convention shall be construed as preventing a Contracting State from imposing an additional tax on the profits (other than those derived from the operation of ships or aircraft in international traffic) of a company, being a resident of the other Contracting State, attributable to a permanent establishment of the company situated in the first-mentioned Contracting State, in addition to the tax which would be chargeable on the profits of a company, being a resident of the first-mentioned Contracting State, provided that any additional tax so charged shall not exceed 5 per cent of the amount of such profits. For the purpose of this paragraph, the profits subjected to the additional tax shall be determined after deducting from the profits attributable to the permanent establishment during the taxable year concerned all taxes, other than the additional tax, imposed in the first-mentioned Contracting State during the taxable year concerned.
